

## Press Release

Brussels, May 1, 2015

---

### **Golden Palace opens its doors at Dinant : 10 jobs created**

Golden Palace will be opening a new gaming hall in Dinant on Monday April 27, 2015. The Belgian leader in gaming halls (with 40 locations spread across the country) and sports betting is creating 10 jobs for this new undertaking.

Since the end of 2014, when 'Les Copères' closed its doors, the city of Dinant no longer had its own 'gaming hall'. Good news however, as starting on April 27 players are welcomed in the new Golden Palace gaming hall located at rue Alexandre Daoust 28-32. Players will be able to find a mix of traditional and modern games there such as roulette, dice games, blackjack...

This is also good news for economical grounds as for this opening 10 steady long term jobs have been created.

For Julie Limbos, spokesperson at Golden Palace, Dinant is "a dynamic town in the middle of a strong resurgence. It's also a colourful mix of different cultures from different countries and one of the best touristic areas. It's both a pleasure and an honour for us to be able to expand our business in such a wonderful location."

Golden Palace Dinant is open every day of the week, day and night.
